HISTORY

Dhishna has its origin from Xplendor, the annual tech-fest of SOE, CUSAT held in 2010. From technical workshops to techniques,from hack-a-thons to musical nights, Xplendor touched all spheres of a student's life. Although the first of its kind, it opened gateways for students to showcase their technical skills and talents.In the very first year of its inception, it attracted over 3000 students from over 30 colleges in India with students sharing prizes of over 2 lakhs! In its sophomore year, Xplendor was revamped and given the new name DHISHNA – an intellect so pure and undiluted that it marks the shape of things to come.

ABOUT DHISHNA

DHISHNA
SOE, CUSAT
OCT 5, 6, 7

Dhishna is the annual technical fest of School of Engineering, CUSAT. With a plethora of events, mind boggling games, challenging competi tions and attractive prizes, Dhishna promises to be an event that shouldn't be missed. The seven branches of SOE merge their talents, resources and hard work to present a synergy of the latest innovation. Sliding away from the usual norms of studies , dhishna takes learning to a whole new level. It provides the inimitable platform to explore the untouched unique tactics of engineering in the contemporary scenario of technology. So mark your calendars and get ready for a phenomenal experience
